

ATTENTION!

MBTA is closely monitoring the progress of **COVID-19 (Coronavirus)** and is engaging in proactive steps to ensure the health and safety of our customers and employees.

While we are conducting additional cleaning of our vehicles, we are also reminding everyone to follow critical public health guidelines. **We need YOUR HELP** to maintain the protection of everyone on board every trip.

FOR ALL PASSENGERS:

- Refrain from unnecessary travel if you are sick.
- Cover your coughs and sneezes with a tissue, then throw away.
- Wash your hands with soap and water for at least 20 seconds.
- If soap and water are not available, use an alcohol-based hand sanitizer.
- Practice social distancing wherever possible.

FOR THOSE AT HIGHER RISK:

For certain people, such as the elderly, those that are immune compromised or have underlying health conditions, you should:

- Avoid crowds and stay home as much as possible to reduce your risk of exposure, including using public transit.
- Contact your primary health provider if you have any questions.
- Have enough household items and groceries on hand so that you will be prepared to stay home for an extended amount of time.

WHAT TO DO IF YOU ARE SICK:

- Call your primary health provider and inform them of your symptoms.
- **If you are experiencing symptoms, avoid public areas, including riding public transit.**
